Homesite 1028 at Horizon at Solara offers a desirable Phase 1 view lot paired with a thoughtfully designed two-story floor plan. From the covered front porch, make your way through the entry, where a first-floor bedroom and full bath provide added flexibility for guests, extended family, or a private retreat. Continue toward the main living area, where the kitchen brings everyone together with a large center island and walk-in pantry. The dining area flows directly into the great room, creating an open setting that works just as well for entertaining as it does for everyday life. Just beyond, the optional covered California Room provides an inviting extension of the living space and a place to enjoy the view lot setting. Upstairs, the loft creates a flexible space for movie nights, a game room, or an additional lounge. Two secondary bedrooms, a full bath, and the laundry room are conveniently arranged nearby. Set apart from the secondary bedrooms, the primary suite offers added privacy with a generous walk-in closet and primary bath featuring dual vanities, a soaking tub, and separate shower.
