Welcome to Homesite 1026 at Horizon at Solara, a Phase 2 view lot featuring a thoughtfully designed layout with spaces that flow naturally from one room to the next. From the covered front porch, enter into the foyer, where a first-floor bedroom and full bath offer a private and convenient space for guests. Continue into the heart of the home, where the kitchen opens seamlessly to the dining area and great room. A large center island creates a natural gathering spot, while the walk-in pantry provides plenty of additional storage. Just beyond the dining area, the optional covered California Room extends the living space outdoors and provides the perfect place to relax and take advantage of the view lot setting. Upstairs, a spacious loft offers a flexible secondary living area, while two additional bedrooms, a full bath, and a conveniently located laundry room complete the shared spaces. The primary suite is privately positioned away from the secondary bedrooms and features a spacious walk-in closet and a well-appointed primary bath with dual vanities, a soaking tub, and separate shower.
