Residence 1 at Parkton is a thoughtfully designed two-story home that combines flexibility, comfort, and modern living. The first floor features an inviting entry that leads into an open-concept layout where the kitchen, dining, and living areas flow seamlessly together.

The kitchen offers ample counter space, a pantry, and convenient access to the covered patio. A fourth bedroom with an adjacent full bath provides a space for guests, or it may be optioned into a den for a dedicated home office or quiet retreat. A drop zone, coat storage, and a two-car garage enhance everyday functionality.

Upstairs, the primary suite serves as a sanctuary with a walk-in closet and a well-appointed primary bath.
