Welcome to Homesite 12 at Parkton, a thoughtfully designed two-story home offering flexibility, comfort, and modern living, scheduled for move-in this October.

Recently released with personalization opportunities available through June, this residence is the last home featuring a desirable covered back patio. The gourmet kitchen showcases Bosch stainless steel appliances, quartz slab countertops, and Beech Shaker-style cabinetry with soft-close doors. The first floor includes an inviting entry that opens into an open-concept layout where the kitchen, dining, and living areas flow seamlessly together, along with a fourth bedroom and adjacent full bath ideal for guests.

Upstairs, the primary suite features a walk-in closet and a well-appointed bath, complemented by two additional bedrooms that offer versatile living options. A full secondary bath, multiple linen storage areas, and a centrally located laundry room enhance everyday convenience.
