Welcome to Homesite 7 at Parkton, a beautifully designed two-story home with 4 bedrooms, 3 bathrooms, and approximately 2,411 square feet that will be move-in ready by June!

This north-facing home is centrally located with convenient freeway access. The first floor features a bedroom with an adjacent full bathroom, ideal for guests or multigenerational living, along with an open-concept layout connecting the living, dining, and kitchen areas. The well-appointed kitchen showcases beech shaker-style cabinetry with soft-close drawers, quartz slab countertops, a large center island, a walk-in pantry, and access to the covered patio. A two-car garage and additional storage provide everyday convenience.

Upstairs, the primary suite includes a spacious bedroom, a large walk-in closet, and an expansive bath with a separate tub and shower, highlighted by a Sterling 32" x 60" freestanding soaking tub. Two secondary bedrooms, a dual-sink bathroom, a centrally located laundry room, multiple linen storage areas, and a coffee bar complete the second floor. Nine-foot ceilings throughout, with select architectural variations, add to the home's thoughtful design.
