Welcome to Homesite 11 at Parkton, a beautifully designed two-story home offering 4 bedrooms, 3 bathrooms, and approximately 2,411 square feet of thoughtfully crafted living space that will be move-in ready by October.

Designed for both comfort and functionality, this home features a first-floor bedroom with an adjacent full bathroom, perfect for guests or multigenerational living. The open-concept first floor seamlessly connects the living, dining, and kitchen areas, creating an inviting space for everyday living and entertaining. The well-appointed kitchen showcases beech shaker-style cabinetry with soft-close drawers, quartz slab countertops, a center island, and a spacious walk-in pantry.

Throughout the home, soaring 9-foot ceilings with select architectural variations add to the bright and airy feel. Upstairs, the spacious primary suite offers a relaxing retreat with a large walk-in closet, separate tub and shower, and a Sterling 32" x 60" freestanding soaking tub. Two additional secondary bedrooms, a dual-sink bathroom, centrally located laundry room, linen storage, and a convenient coffee bar provide added functionality and comfort. A two-car garage with additional storage completes the home.
