Welcome to Homesite 14, a beautifully designed two-story home that combines modern comfort with flexible living spaces. Move-in ready by October, this desirable north-facing homesite is centrally located near shopping, dining, and major commuter routes. Additional highlights include a chef-inspired Bosch® stainless steel appliance package and extensive prewiring for today's connected lifestyle.

The first floor features an open-concept layout with a spacious kitchen, center island, walk-in pantry, and dining area. A versatile first-floor bedroom with an adjacent full bath is ideal for guests, a home office, or multigenerational living. A two-car garage and additional storage add everyday convenience.

Upstairs, the primary suite offers a spacious bedroom, walk-in closet, and en-suite bath with dual vanities, a soaking tub, and a separate shower. Two secondary bedrooms, each with a walk-in closet, share a dual-sink bathroom, while a centrally located laundry room, linen storage, and a convenient coffee bar complete the second floor.
