Homesite 147 is the Lydian plan at Ariette at Copper River, an elegant two-story, crafted with quality and designed with care. Through the front door, an elongated entrance welcomes you inside. Around the corner, a powder bathroom and coat closet offer privacy and everyday convenience. Beyond the stairwell, the layout opens to the dining space and kitchen. The kitchen features ample counterspace, a walk-in pantry, and a large center island. It flows directly into the Great Room, creating a comfortable space for gatherings and daily living. Upstairs, the second floor begins with a spacious loft that works well as a secondary living or entertainment area. The loft leads into the Owner's Suite, which includes an en-suite bathroom with a dual sink vanity, two linen closets, and two walk-in closets. The laundry room is located just outside the suite for added convenience. Bedrooms 2 and 3 share a well-appointed full bathroom and complete the second floor.
