The Kennedy plan at Madison at Copper River, is a spacious two-story home designed with flexibility in mind. The first floor unfolds into a spacious, open-plan design that includes a Great Room, dining area, and kitchen. Unique to this model is the option for a Multi-Gen Suite in lieu of Bedroom 4, offering an integrated living space with a private bath, ideal for extended family or guests, emphasizing the home's adaptability and thoughtful consideration for diverse family dynamics. Located upstairs is the Owner's Suite, two additional bedrooms, and a conveniently located laundry room. The second floor also introduces a flexible Bonus Room that can be configured as an optional fifth bedroom and loft, reflecting the home's commitment to adapt to your needs.
