Homesite 74 at Andara offers a modern three-story design with flexible spaces for the way you live. The first floor features a versatile bonus room that can easily become a home office, gym, or additional lounge. Upstairs, the open-concept kitchen and great room create a natural gathering space, with a center island and private balcony extending the living area outdoors. The top floor provides added privacy for the primary suite, while 10-foot ceilings, smart home technology, designer finishes, and energy-efficient construction add comfort and style throughout.
