Homesite 34 is the Juniper plan at Artisan at Riverstone, a beautifully designed single-story home where comfort meets contemporary style. Upon entry, you are greeted by a cozy hallway that leads to bedrooms 2 and 3, each offering a walk-in closet for added storage. A storage closet sits just outside bedroom 3 and meets a powder bathroom across the way. The bedrooms share a well-appointed full bathroom close by. Past the hallway, the floor plan opens into the kitchen, with an gourmet layout. The kitchen flows easily into the dining area and Great Room, creating a connected space that works well for everyday living or gatherings. Kitchen finishes include white cabinets, brushed nickel finishes, and quartz countertops. From the Great Room, the path continues to the Owner's Suite, which features an en-suite bathroom with a dual sink vanity and a walk-in closet. The laundry room is located just around the corner from the Owner's Suite for added convenience. This home has tile flooring throughout with plush carpet in the bedrooms.
