Everything you could ever want in a home is here at Dahlia's Plan 1. A front porch welcomes you into the good life, with a den just off the entry that's ready to be transformed into your place of focus or den of delights. Just beyond the stairs you'll find the contemporary open-concept living area with a sleek kitchen boasting built-in stainless steel appliances and a walk-in pantry. Your guests will be oohing and ahing over the covered patio, which leads to a charming backyard. Head upstairs where all three generously sized bedrooms, flexible loft space and convenient laundry with a sink make way for ultimate comfort. The primary suite features a walk-in closet that's large enough to store your ensembles for all seasons. Closet-adjacent is a luxurious bathroom with a walk-in shower, freestanding bathtub and dual sinks—your oasis to let the stress of the day melt away.
