Homesite 4102 at Hillcrest Creek by Trumark Homes features Plan A with approximately 1,438 sq. ft. of thoughtfully designed living space. This stylish townhome showcases white shaker-style cabinetry, quartz countertops with a matching quartz backsplash, under-cabinet lighting, and matte black hardware throughout. The open-concept layout creates a seamless flow between the kitchen, dining, and living areas, while a covered deck off the great room provides additional space for relaxing or entertaining.

Designed for low-maintenance living, this home combines contemporary finishes with functional spaces in one of Arvada's most desirable locations.
