Homesite 199 of the Harmony Collection at Sterling Ranch is a charming single-story home that offers approximately 1,638 sq. ft. of living space with 3 bedrooms and 2 bathrooms. Past the covered porch the entry hallway leads into the large kitchen, featuring a center island overlooking the dining room and a walk-in pantry. Head farther into the home and you will find the great room complete with a 42" fireplace and sliding glass door leading to the covered Colorado outdoor room.

The primary suite, located towards the back of the home, offers a luxurious ensuite bath with dual sinks, spa-like shower, and a walk-in closet. The first floor also includes two additional bedrooms, a full bath and the laundry room. The full basement allows for a media room and an additional bedroom, bath, and a wet bar.

The interior finishes of this home include white cabinets, matte black fixtures, medium-toned engineered flooring, and Kitchen Aid stainless-steel appliances, included in the Diana Two design package. The home also comes with extended engineered plank flooring, a tankless water heater, gas line to range, AC and much more!
