Welcome to homesite 226 of the Harmony Collection at Sterling Ranch. A spacious ranch home with approximately 2,675 finished sq. ft. of living space. This thoughtfully designed floorplan includes an open design layout, a gourmet kitchen, 42" fireplace in the great room, and in-ground finished basement with a media room and additional bedroom and bathroom. With the Diana II design finish package, the home showcases modern elegance through features such as luxurious woodlook LVP flooring, a tankless water heater for on-demand comfort, a gas line to the range for culinary ease, and central air conditioning for year-round climate control. Designed in the Mid-Century Modern Ranch elevation style, the home includes three well-sized bedrooms, three bathrooms, and a finished basement with large media room. At the heart of the home is a generous kitchen outfitted with white cabinetry, sleek quartz countertops, and stainless steel appliances. Just off the great room, a covered outdoor room offers a comfortable space to enjoy Colorado's natural beauty in any season. This is where modern living and lifestyle come together in perfect harmony.
