Welcome to homesite 233* of the Harmony Collection at Sterling Ranch. A spacious single-family home with approximately 2,268 finished sq. ft. of living space. This thoughtfully designed floorplan includes a flex room on the main floor, a 42" fireplace in the great room, a loft upstairs, and an in-ground unfinished basement. This is where modern living and lifestyle come together in perfect harmony with the Christy II design finish package, which includes LVP wood-like flooring, a tankless water heater, gas line to range, central air conditioning, and much more.

Designed in the Colorado Farmhouse elevation style, this home features three bedrooms, two and a half bathrooms, and a versatile loft. The large kitchen is appointed with white cabinetry, quartz countertops, and stainless steel appliances, while the covered outdoor room just off the kitchen offers the perfect setting for relaxation. Backing to open space with mountain scenery, this home combines comfort, style, and a beautiful natural setting. *Home is active with first right of refusal. See Community Sales Manager for details.
