Tanterra Kestrel by Trumark Homes features Plan 2517 with Elevation C and approximately 3,366 sq. ft. of thoughtfully designed living space. This home showcases a modern blend of white cabinetry, matte black finishes, and a striking black horizontal metal railing that adds architectural character throughout. A dedicated study with French doors provides a private space for working from home, while the fireplace creates a warm and inviting focal point in the main living area.

Situated on a desirable garden-level homesite backing to open space, this home offers enhanced privacy and beautiful views. With 4 bedrooms, 3 bathrooms, and thoughtfully selected finishes throughout, this home combines style, functionality, and everyday comfort.
