The Whistler at Kestrel offers approximately 2,633 sq. ft. of sophisticated and spaciously designed living space. As the largest of the Kestrel homes, this two-story floor plan provides an impressive blend of functionality and style.

The home features 4 bedrooms and 3.5 bathrooms, with the option to add a main-floor bedroom and finish the basement to include an additional bedroom and bathroom. A dedicated main floor office provides an ideal space for projects or can be converted into an optional fifth bedroom with a full bath, perfect for accommodating overnight guests.

A light-filled great room serves as the perfect gathering place, seamlessly connecting to the open kitchen and dining area, which includes a sliding glass door to the backyard. Upstairs, an open loft and a convenient laundry room with optional cabinetry add comfort and practicality to the layout. The lavish primary suite offers a spa-like retreat with dual sinks, a walk-in shower, and a large walk-in closet. For even more living space, the stunning optional finished basement expands the home with a fifth bedroom, bathroom, and a media room designed for relaxation and entertainment.
