Homesite 2102 at Tanterra Osprey by Trumark Homes features the Perch floorplan with a modern elevation and approximately 3,100 sq. ft. of living space. This flexible design includes a main-level bedroom, dedicated office, and full bath, making it ideal for guests, multigenerational living, or working from home. The open-concept layout is highlighted by a gourmet kitchen with 42-inch white cabinetry, quartz countertops, and a family room fireplace, while a covered deck extends the living space outdoors.

Upstairs, you'll find four additional bedrooms and a versatile loft. The full walkout unfinished basement provides additional storage and flexibility, and the home's location within walking distance of community parks adds to its everyday convenience and appeal.
