Homesite 3201 at Tanterra Starling by Trumark Homes features Plan 2 with approximately 1,890 sq. ft. of thoughtfully designed living space. This inviting home offers an open-concept layout enhanced by 42-inch white cabinetry, quartz countertops, and a covered deck that extends the living space outdoors. Situated at the end of a cul-de-sac, the homesite provides a desirable setting with added privacy and limited through traffic.

Upstairs, a versatile loft adds flexibility for a home office, media room, or additional living space. Additional highlights include included blinds and a full unfinished basement, providing ample storage and room for future possibilities. Combining functional design with a sought-after homesite location, this home offers comfort and convenience for everyday living.
