This expansive two-story residence offers 2,768 square feet of finished living space with four bedrooms and three bathrooms, along with an unfinished walkout basement and a backyard that backs to open space. Just beyond the entry hall, the gourmet kitchen features 42-inch deluxe soft-close cabinetry, quartz countertops with a tiled backsplash, and a GE stainless steel appliance package that includes a 5-burner gas cooktop, convection oven, built-in microwave, and dishwasher. The kitchen flows seamlessly into a pocket office and opens to a covered outdoor room, creating a functional and inviting main level.

Upstairs, a spacious bonus room provides the perfect setting for reading, TV watching, gaming, or hobbies. Two secondary bedrooms are connected by an ensuite bathroom with dual sinks, while down the hall, the primary suite serves as a private retreat with a spa-like bathroom featuring a freestanding tub, walk-in shower, and an expansive walk-in closet. This home is finished with the Heather Plus design package, offering extensive luxury vinyl plank flooring, plush carpeting in the bedrooms, contemporary bath fixtures, air conditioning, a tankless water heater, and numerous additional upscale features throughout.
